

LARRY HOGAN is the 62nd governor of Maryland and chairman of the National Governors Association. Recently reelected in a landslide, he is only the second Republican governor in Maryland history to win a second term. Known for his practical solutions, his stark transparency, and his ability to work across party lines, he is also a survivor of late-stage non-Hodgkins lymphoma. His wife, Yumi Hogan, is the first Korean-American first lady in America. The Hogans live in the historic state capital of Annapolis.

*STILL STANDING* IS A TIMELY REMINDER that perseverance, compassion, and leadership in the face of unexpected obstacles is at the heart of the American spirit.

In his own words and unique, plain-spoken style, Governor Larry Hogan tells his story. A lifelong uniter at a time of sharp divisions. What the *Washington Post* calls a “forceful, can do” leader with practical solutions that take the best from all sides. An open-hearted man who has learned important lessons from his own struggles in life. The rare Republican unafraid of the president, whom *National Journal* touts as “well-positioned for a presidential run.”

*STILL STANDING* IS THE INSIDE  
STORY OF AN UNLIKELY  
GOVERNOR LEADING THROUGH  
CRISIS AND SPARKING A NEW  
KIND OF POLITICS.

As the rookie Republican governor of deep-blue Maryland, Larry Hogan had already beaten some daunting odds. He had won a long-shot election the *Washington Post* called “a stunning upset.” He’d worked to quell Baltimore’s worst rioting in 47 years. He’d stared down entrenched political bosses to save his state from fiscal catastrophe, winning praise from Democrats, Republicans, and independents.

But none of that prepared him for the life-threatening challenge he would have to face next: a highly aggressive form of late-stage cancer. Could America’s most popular governor beat the odds again? The people of Maryland, with their “Hogan Strong” wristbands, sent him back to the governor’s office in a landslide. As Governor Hogan began his second term cancer-free, his next challenge went far beyond Maryland: bringing the nation’s governors and our divided country together for “urgent action” to confront a once-in-a-generation global pandemic.
